FOR:
Fisher Sports Complex Project
DSA Application #01-114422
DSA File #43-30

Based on the current construction schedule for the Fisher Sports Complex Project I have arrived at the following inspection services estimate. Our formula for calculating the proposal is for 15 months or 2400 project inspection hours. 2400 hours X \$97 per hour equals approximately \$232,800.00.

The not to exceed estimate for DSA project inspection services is **\$232,800.00 (Two Hundred and Thirty Two Thousand, Eight Hundred Dollars 00/100).**

Sincerely,

Larry Montgomery
